

# Class of 2023 Yearbook Information

## **Senior Photos**

If you have already taken your senior photo or scheduled your appointment to take your senior photo, then skip to the next section of this handout.

If you have NOT taken or scheduled your senior photo yet, call Maxwell Studio TODAY (435-3380). There is a chance they still have some appointments in their studio. You might have to miss school to take your photo as they most likely have limited spots left. We have been sending out emails since May emphasizing the importance of scheduling your appointment early.

If you do not take a senior photo with Maxwell Studio, your photo will NOT appear in the 2023 yearbook.

The LAST to take your photo at Maxwell Studio is September 20.

We will have make-up senior photos on September 21 at Edison (Maxwell Studio will come to our campus), but we can only accommodate 150 photos. At this point there are still over 300 seniors who have not scheduled their appointment with Maxwell.
